

'We value the power of education to change lives'

Letters/RemoteLearningforStudentsIsolatingNov20/HSN/ERS

November 2020

Dear Parents and Carers,

As your child begins a period of self-isolation from school I wanted to draw your attention to some key documents and policies surrounding our Remote Education offer. Links to our previous communications about Remote Learning and links to our Remote Learning policy and privacy notices are attached at the bottom of this letter.

For the first 48 hours your child can access a range of subject specific resources, after this time you should expect work to be set by their class teachers following their normal timetable. This may not include all 5 lessons, every day, for Year 7 to 11s. Clearly, students taking practical subjects are unlikely to be able to continue their practical projects from home, especially where specialist equipment is required.

We are here to support your child in their learning at home and they can use the MyHelp facility on the MyHighcliffe Home Study system if they need assistance with the work set for them to do at home, as well as emailing their class teachers for any additional support if needed.

At the end of each day you should receive a link to a dashboard where you can see which lessons they were set work for and whether they have marked it as complete and uploaded a copy of their work for their teacher to see. We appreciate your support with ensuring students do not fall behind in their studies and please do get in touch if there are any barriers stopping students from accessing the work to enable us to work together to find solutions.

If you have any questions about the Remote Learning system, please do not hesitate to contact me via school office by phone or email.

Yours sincerely,

Hannah Stedmon
Associate Assistant Headteacher
