

# Follow us on Social Media

At Highcliffe we like to use social media to connect students, teachers, and parents whether that be by Facebook, Twitter or Instagram, we want to engage with our community and we want our community to engage with us!

We use our social media pages to share information, news and to celebrate our school, students and staff.

Give us a 'like' or a 'follow' to keep track of what we have been up to in and out of school.
