

DRESSED AND READY TO LEARN – 2025

At Highcliffe School we believe that appropriate school dress is conducive to creating a good working environment and promotes a sense of belonging to our school community. When dressed appropriately our students make a very positive impression upon the wider community who frequently comment upon their good behaviour and standard of dress.

Highcliffe School has a school uniform policy and a clear dress code of how this uniform should be worn. Uniform applies to all students in Years 7 through to 11 at all times without exception. The Sixth Form Dress Code applies to all students in Years 12 to 14 without exception.

Every student attending the school has chosen to join Highcliffe and has done so in the knowledge that we have a uniform and dress code; therefore, they should be proud to represent our school as best they can, wearing the uniform with pride. It is an important part of the identity of the school.

This policy has been developed with due regard for the Human Rights Act 1998 and anti-discrimination legislation.

We believe that our uniform helps towards us becoming a better school by setting a smart, business-like ethos amongst our students. In addition, the uniform helps students to be focused on learning. Importantly, it also gives due consideration to the health and safety of our students.

Our uniform policy and dress code are reviewed regularly in consultation with students, parents, staff, School Council Members and Governors. It is designed to be smart, practical and cost effective. The overriding principle to this code is that

“Uniform should be worn smartly and neatly at all times”

Students who fail to adhere to the Uniform Policy and Dress Code will be sanctioned accordingly. If you require any clarification on any points of the Uniform and Dress Code, please do not hesitate to contact the school.

PURCHASING UNIFORM

Highcliffe School uniform can be purchased from two providers. Stevensons of Southbourne (www.stevensons.co.uk/school-finder/highcliffe-school-christchurch) and PMG in New Milton (www.pmg-schoolwear.co.uk).

Uniform grants are available for students entitled to free school meals. Application forms can be obtained from the Finance Office. A grant for up to £100 per student is available every two years. We try to keep spare uniform for emergency use for all year groups and we are always very grateful for any uniform donations. Pre-loved uniform is available from the school.

LABELS

All uniform must be labelled/named; a significant amount of clothing is misplaced, and we cannot trace the owner because items are not labelled/named. Misplaced items which are labelled/named are returned to students.

Our uniform suppliers offer personalised labels which can be ironed on. They also offer a service where they will do this as part of an internet order, therefore all items ordered will arrive with labels already in the clothes.

Uniform can cause stress between parents and their children as it is not always clear on what is acceptable. This booklet has been produced to make uniform buying and wearing a lot clearer to both parents and students and the areas of uncertainty clarified.

The school recognises that students do not always want to comply with school uniform requirements and that this can cause problems at home. However, we cannot alter our school uniform or dress code to suit individual tastes or opinions. We would always seek to work with any parents encountering difficulty ensuring their child complies with our school uniform or dress code.

The school will contact parents of those students who attend school without proper uniform, or those who refuse to accept the school's dress code, so that the issue can be successfully resolved.

ADDITIONAL INFORMATION

It is important for all members of our school community to be aware that we seek to ensure that safety and well-being are of the utmost importance. As a result, please note that in the interests of:

- Security: the school needs to be able to identify individual students in order to maintain good order and identify intruders easily
- Teaching and learning: a student's face should not be obscured for any reason. This is because a member of staff may not be able to judge their engagement with learning or be able to secure their participation in discussions and practical activities
- Protecting the individual: the school dress code seeks to prevent students from wearing clothing which may be associated with anti-social elements in the wider community
- Promoting identity: a strong, cohesive school identity supports the high standards we strive to achieve. If students appear to be very different from their peers, this can inhibit integration, equality and cohesion

We are justly proud of the fact that we are an Inclusive School and our 'Dress Code' reflects our commitment to providing all students with the opportunity to learn within a safe and secure community.

LOST PROPERTY

Every effort will be made by the Student Support Office to return named items. However, it is only possible to store lost property for half a term before disposal.

If students forget an item of uniform they should report to the Pastoral Office, **before morning registration**.

Exceptions to this dress code are at the discretion of the Headteacher only

Appendix 1: for members of the Black community

The Halo Code

Our school champions the right of staff and students in the Black community to embrace all Afro-hairstyles. We acknowledge that Afro-textured hair is an important part of our Black staff and students' racial, ethnic, cultural, and religious identities, and requires specific styling for hair health and maintenance.

We welcome Afro-textured hair worn in all styles including, but not limited to, afros, locs, twists, braids, cornrows, fades, hair straightened through the application of heat or chemicals, weaves, wigs, headscarves, and wraps.

At this school, we recognise and celebrate our staff and students' identities. We are a community built on an ethos of equality and respect where hair texture and style have no bearing on anyone's ability to succeed.

Notes:

1. Schools have the right to enforce a dress code as long as it is fair and does not unduly discriminate against any students and staff. Under the Public Sector Equality Duty (PSED), "schools must eliminate racial discrimination and promote good race relations". Policies and practices that prohibit hairstyles which are primarily used to maintain Afro-textured hair can lead to indirect discrimination.
2. The Halo Code focuses on hair textures and styles most commonly associated with the Black community. The term Black has historically been used as a racial and political label. Here, we use it to refer to people of the African Diaspora, including those with mixed heritage, who as a result of their ancestry have Afro-textured hair.
3. The Halo Code is a gender neutral policy.
4. In order to embody the spirit of The Halo Code, staff are encouraged to familiarise themselves with different Afro-textured hairstyles and their cultural significance, and to avoid labelling Afro-textured hair with terms such as messy, unprofessional, or inappropriate.
5. Halo Code does not prevent schools from issuing additional guidance around Afro-texture hair and protective styles, including:
 - That head wraps and scarves should reflect other elements of the dress code such as the organisation's colours.
 - That hair be tied up for health and safety reasons.
 - That hair colour is reflective of the wider dress code policy
