

Information on Students by Protected Characteristics – Autumn 2021

We are proud of the diversity of our school community. We strive to achieve a cohesive community and expect that students respect one another and behave with respect to one another, and that their parents feel fully engaged in the school.

Where it may be possible to identify individuals from the information provided (when the number of students with a particular protected characteristic is fewer than 10 and the information is 'sensitive personal information') we have decided not to release the information and have indicated as Yes/No (Y/N)
