Clubs and Revision Sessions

Year 11 Science Support Wednesday in SC8 3.05pm (RCN)

This week's support session is for the X half of the year group. We will be reviewing B4 section AàD. This includes Ecology, photosynthesis and osmosis. Please arrive with writing materials for a prompt start.

Eco Club Tuesday in SC2 3:05pm (RCN)

The Highcliffe garden is undergoing transformation. We had a successful 'potato day' last week and the covers came off one of the main beds for the first time this year. We now have a large range of plants including fennel, tomatoes and peppers in propagators for 2015 and so far everything seems to be growing successfully. Being cunning we have an early crop of broad beans in and these have already started to flower – hopefully avoiding the annual plague of aphids. The next couple of months will be very busy and all help is welcome on a Tuesday afternoon after school. Last week we had new pairs of hands on the garden which was a fantastic help – there is always room for more!
