They will take place at lunchtime in EX5 on Friday the 10th and Friday the 17th.

Sign-up sheets are in all music classrooms.

Clubs and Revision Sessions

STEM Tech club

Takes place on Wednesdays each week. The club has started well with 6 teams of students signed up to enter the BP Bright Ideas competition to design a solution to power a city on the south coast in 2050. The students were all working hard to start initial ideas for this challenge, which we are aiming to complete just after February half term to be in with a chance of a substantial cash prize! Whole-School Literacy

Spelling Focus: Closing the Gap

Here are three words that are commonly misspelled:

- biased
- opportunity
- necessary

Questions:

1. Where are these words' Danger Zones?
2. What strategies would you use to remember the spellings? (There is a different strategy for each spelling.)

Here are some options:

Answers:

1. The Danger Zones for the above words are:

biased (sometimes the last sound is written with a "t")

opportunity (sometimes a "p" is missed out and the "or" part is misspelled.)

friend (sometimes the "l" is forgotten or swapped round with the "e")

2. Here are some strategies:

Biased – Sound it out: bias – ed

Opportunity – Look for a word within the word: Op + **port** + unity. We all know how to spell "port" so remember that opportunity has a "port" in it. (Thank you to Samuel Rapoport for this idea. He has received a commendation for this tip.)

3. Friend

This is a simple word, but one that people often get wrong. Can you think of a way to remember?

Let me know and I will give you a commendation!
